

COVID SAFETY AGREEMENT

*ALL registering dancers must have a COVID test result on file BEFORE their first day of scheduled classes. Regardless of vaccination status. Test must be dated within (2) weeks of their start date. Email the official results to dance4life1@yahoo.com, showing a NEGATIVE result. Be sure the name, date and results are clearly seen. Dancers will be required to have COVID testing results on file to return for classes after the winter break and spring break. All results must be within (2) weeks of the return dates. We reserve the right to ask for additional COVID test results if situations warrant.

*Dancers upon arrival, will get temperature checked with a contact free thermometer BEFORE entering the lobby. Dancers that have a temperature of 99 degrees or higher will not be permitted to enter and train that day. Participation will always be contingent on

a normal temperature reading. Dancers that feel ill or under the weather in ANY WAY, should stay home. In addition, if you have a normal temperature reading but are exhibiting symptoms of cough, congestion, sneezing, runny nose, or upset stomach, DANCE4LIFE reserves the right to refuse the student's entry or send them home. This includes symptoms from the common cold and or allergies.

*The building will be unlocked 15 minutes before each class to allow for COVID screening entry time, and will be locked 10 minutes after classes are scheduled to begin. Dancers arriving later than 10 minutes into the training hour will not be able to gain access.

*All dancers must wear a plain lightweight black mask to participate in class. The mask must be design and logo free. This color has been selected in an effort to maintain our high standard of a uniform dress code within the

Institute. DANCE4LIFE will have disposable lightweight masks available in the event one is needed. They will be \$2 each. Make cashapp payment to \$dance4lifepay and put mask in the memo.

*Parents/guardians dropping off and picking up dancers should remain outside of the building. The student ONLY will go through our COVID screening upon arrival. At the end of class, dancers will be dismissed out of the building to waiting cars. Younger dancers will be guided to their parents waiting outside of the door at dismissal. In the event that the parent/guardian must come into the building with a question for our registrar, only (1) will be permitted in at a time and a mask must be worn at all times, regardless of vaccination status. Although, we are requesting that questions/concerns be sent via email and a response will be given through return email or phone call.

*DANCE4LIFE will not accept cash payments this season. Although, checks and cashapp will still be accepted.

DANCE4LIFE will continue to monitor this very fluid situation and make adjustments to the above information as needed. Our operational decisions will reflect our enduring interest to do what is best for the health and safety of both our clients and staff. Thank you for your patience, understanding and continued support.

PLEASE SIGN AND DATE BELOW,
